

MAHALAKSHMI M

Web Developer | PHP & WordPress Specialist | Learning MERN Stack

+91 9363900243 • mahalakshmi2072812@gmail.com • Tirunelveli, Tamil Nadu • github.com/Mahalakshmi2072812 • linkedin.com/in/mahalakshmi-m-a5a3052a0

PROFESSIONAL SUMMARY

Web Developer with 2+ years of professional experience in WordPress plugin development, PHP backend programming, and CRM API integrations. Skilled in delivering production-grade custom plugins connected to enterprise CRMs including Zoho, Salesforce, and Vtiger. Proficient in JavaScript, MySQL, HTML5, CSS3, and Git-based collaborative workflows. Passionate about UI/UX design with hands-on experience creating social media posts, posters, and visual content using Figma and Canva. Currently pursuing MSc Computer Science and actively learning MERN stack (MongoDB, Express.js, React.js, Node.js) to expand into modern full-stack JavaScript development.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Bootstrap, JavaScript (ES6+), Responsive Web Design, UI/UX Design Principles, React.js (Learning)
Backend	PHP (OOP), REST API Development, WordPress Plugin & Theme Development, Node.js (Learning), Express.js (Learning)
Databases	MySQL (Schema Design, Query Optimization, Indexing), phpMyAdmin, MongoDB (Learning)
CRM / APIs	Zoho CRM, Salesforce, Vtiger — API Integration, Form-to-CRM Data Sync, Lead Automation
Design Tools	Figma (UI Prototyping & Wireframing), Canva (Social Media & Poster Design), Basic UI/UX Principles
Tools / VCS	Git, GitHub, GitLab, VS Code, XAMPP, npm, Postman
Languages	JavaScript, PHP, Python, C, C++
CMS	WordPress (Custom Plugin Dev, Hook/Filter Architecture, WP REST API, Theme Customization)

PROFESSIONAL EXPERIENCE

Associate Software Engineer | SmackCoders Inc

Oct 2024 – Jun 2025

Tirunelveli, Tamil Nadu | PHP · WordPress · MySQL · API Integration

- Designed and delivered custom WordPress plugins using PHP with hook/filter architecture, reducing manual client workflows and improving site extensibility across multiple production environments.
- Engineered the CRM Connector Plus Plugin integrating WordPress form submissions with Zoho, Salesforce, and Vtiger CRMs via REST API, automating lead capture and eliminating manual data entry.
- Optimized plugin architecture and MySQL database queries, improving average page load performance and Core Web Vitals scores across client deployments.
- Customized existing plugins to meet client-specific requirements, diagnosed and resolved critical bugs with rapid turnaround, maintaining system stability and zero regressions post-deployment.
- Collaborated cross-functionally with front-end developers and designers to ensure seamless feature integration using Git-based version control workflows (GitHub / GitLab).

Software Developer Intern | SmackCoders Inc

Mar 2024 – Jul 2024

Tirunelveli, Tamil Nadu | WordPress · PHP · Git

- Contributed to WordPress plugin development and customization tasks, gaining end-to-end exposure to the plugin lifecycle from development through QA and deployment.
- Debugged and tested WordPress features to maintain functionality; supported integration of new features with existing plugins and themes.
- Implemented Git-based version control for collaborative development, contributing to a structured branching workflow across the team.
- Converted to full-time Associate Software Engineer role upon internship completion, recognizing performance and technical contribution.

System Analyst | Zerosoft Technologies

Jan 2023 – Sep 2023

Tuticorin, Tamil Nadu | HTML · CSS · WordPress · MySQL

- Developed responsive websites using HTML5 and CSS3; customized WordPress themes to align with client branding and design requirements.
- Designed and managed MySQL database schemas for efficient data storage and retrieval across web applications.
- Integrated third-party plugins and configured settings to extend site capabilities; ensured smooth deployment and consistent cross-browser performance.

PROJECTS

CRM Connector Plus Plugin — PHP · WordPress · REST API · Zoho · Salesforce · Vtiger

- Built a production-grade WordPress plugin to sync form submission data to multiple CRM platforms via API, automating lead management and eliminating manual data entry for client businesses.
- Designed extensible architecture supporting Zoho, Salesforce, and Vtiger with modular connector classes, enabling easy addition of new CRM targets.

Ambulance Booking System — WordPress · PHP · MySQL · Custom Admin Panel

- Designed and developed a user-centric ambulance booking platform with real-time booking requests, status tracking, and a custom admin panel for efficient user data and request management.

Custom Code Snippet Plugin — PHP · WordPress · JavaScript · CSS

- Created a lightweight admin plugin enabling non-technical users to safely add and manage PHP/JS/CSS code snippets directly within the WordPress dashboard with sandboxed execution.

VisionVerse – Personalized Farewell Websites — HTML · CSS · JavaScript · AI Tools · QR Code API

- Built 24 personalized, responsive farewell websites for senior students using HTML, CSS, JavaScript, and AI-assisted content generation; integrated unique QR codes for each student's custom URL.

Home Organizer Website — WordPress · CSS · Performance Optimization

- Developed a fully functional home-organizing services website; optimized theme performance for faster load times and full mobile responsiveness.

EDUCATION

MSc Computer Science | Sadakathullah Appa College (Autonomous)

Expected Jun 2027

Tirunelveli, Tamil Nadu | Pursuing

BSc Computer Science — 80% | St. Mary's College (Autonomous)

2019 – 2022

Thoothukudi, Tamil Nadu

CERTIFICATIONS

- NPTEL Elite (Govt. of India, MoE Funded) — Research Methodology

- **NPTEL Elite (Govt. of India, MoE Funded)** — Augmenting Design Thinking with Human-Computer Interaction
- **Postulate** — JavaScript Fundamentals
- **Deloitte (Forage)**— Data Analytics Job Simulation

CREATIVE & DESIGN

- Designed social media posts, banners, and promotional content using Canva — covering layout, typography, color theory, and visual storytelling.
- Created UI wireframes and interactive prototypes using Figma, applying UI/UX design principles for user-centric layouts and intuitive navigation flows.
- Applied design thinking and HCI concepts (NPTEL certified) to bridge the gap between web development and user experience design.
- Keen interest in building visually appealing, accessible, and responsive interfaces that combine strong design sense with frontend development skills.

CORE STRENGTHS

Strong Team Collaborator • Attention to Detail • Fast Learner & Technology Adapter • Good Communication Skills • Self-Motivated & Result-Oriented
